

Velg ett track ved å gå inn på log/select og velg der det tracket du skal vise

The screenshot shows the Euronav seaPro software interface. The title bar reads "Euronav seaPro (Route: --NONE--, Log: PREVIOUS)". The menu bar includes "Chart", "Waypoints", "Route", "Log", "Tides", "Setup", "Weather", "Sailing", "Window", and "Help". The status bar at the top left shows coordinates "59 41.446N" and "009 24.8E". A "View" menu is open, listing options such as "Select...", "New...", "Save As...", "Reset", "View...", "View Format...", "Select Previous Track...", "Display Vessel Track On Charts" (checked), "Display Previous Track On Charts", "View graphs - Historic (Logged data) ...", "View graphs - Running (Instrument data)...", "Animation...", "Add", "Print...", "Export...", "Import...", and "File Management". The main map area displays a coastal region with labels for "Moss", "Fredrikstad", "Stromstad", "Grebbestad", "Kragero", "Risør", "Arendal", "Brofjorden", "Uddevalla", and "Walthamn". The map is overlaid with a grid and various track lines. On the right side, there are several panels: "Panel" with fields for "LAT", "LNG", "COG", "SOG", "ROT", and "Hd T"; "Plan" with fields for "Wpt", "Dist", "BrT", and "ETA"; "Actual" with fields for "Wpt", "Dist", "BrT", "XT", "TTG", "ETA", and "ETR"; and "Target Marker" with fields for "Dist" and "BrT". The Windows taskbar at the bottom shows the Start button and several open applications: "4 Microsoft Outlook", "SEILmagasinet onlin...", "seaPro", "Euronav seaPro (Ro...", and "Microsoft PowerPoi...". The system clock in the bottom right corner shows "NO" and "14:29".

Velg så Log/Select Previous Track og velg da det tracket du vil sammenligne med det som er i kartet

The screenshot shows the Euronav seaPro software interface. The title bar reads "Euronav seaPro (Route: --NONE--, Log: Skagen Dufour 40)". The menu bar includes "Chart", "Waypoints", "Route", "Log", "Tides", "Setup", "Weather", "Sailing", "Window", and "Help". The "Log" menu is open, showing options like "Select...", "New...", "Save As...", "Reset", "View...", "View Format...", "Select Previous Track...", "Display Vessel Track On Charts", "Display Previous Track On Charts", "View graphs - Historic (Logged data) ...", "View graphs - Running (Instrument data)...", "Animation...", "Add", "Print...", "Export...", "Import...", and "File Management". The "Select Previous Track..." option is highlighted. The main window displays a map of the Skagerrak region, showing a track overlay in orange and purple. The map includes labels for "Moss", "Fredrikstad", "Stromstad", "Grebbestad", "Brofjorden", "Uddevalle", "Walthamn", "Kragero", "Risor", "Arendal", and "Skagerrak". The map is titled "atum WGS84 | 173 nm | NORTH ATLANTIC:MEDITERRANEAN SEA". On the right side, there are several panels: "Panel" with fields for LAT, LNG, COG, SOG, ROT, and Hd T; "Plan" with fields for Wpt, Dist, BrT, and ETA; "Actual" with fields for Wpt, Dist, BrT, XT, TTG, ETA, and ETR; and "Target Marker" with fields for Dist and BrT. The Windows taskbar at the bottom shows the Start button and several open applications: "4 Microsoft Outlook", "SEILmagasinet onlin...", "seaPro", "Euronav seaPro (Ro...", and "Microsoft PowerPoi...". The system tray shows the date "NO" and the time "14:31".

For å fjerne visningen av begge trackene, gå inn på log/display previous track og ta bort "huken"

The screenshot shows the Euronav seaPro software interface. The main window displays a map of the Skagerrak region, including locations like Moss, Fredrikstad, Stromstad, Grebbestad, Brofjorden, Uddavalla, and Wallhamn. A track is overlaid on the map, and a context menu is open over it. The menu options are:

- Select...
- New...
- Save As...
- Reset
- View...
- View Format...
- Select Previous Track...
- Display Vessel Track On Charts
- Display Previous Track On Charts
- View graphs - Historic (Logged data) ...
- View graphs - Running (Instrument data)...
- Animation...
- Add
- Print...
- Export...
- Import...
- File Management

The software interface includes a menu bar (Chart, Waypoints, Route, Log, Tides, Setup, Weather, Sailing, Window, Help), a toolbar, and several panels on the right side:

- Panel**: Displays coordinates (LAT, LNG), speed (COG, SOG), rotation (ROT), and heading (Hd T).
- Plan**: Displays waypoints (Wpt), distance (Dist), bearing (BrT), and estimated time of arrival (ETA).
- Actual**: Displays actual performance metrics (Wpt, Dist, BrT, XT, TTG, ETA, ETR).
- Target Marker**: Displays target distance (Dist) and bearing (BrT).

The Windows taskbar at the bottom shows the Start button and several open applications: 4 Microsoft..., SEILmagasinet..., seaPro, Euronav seaPr..., Hvordan samm..., and Presentasjon2. The system clock shows 14:36 on 14/06/2014.
